Now available at two locations.

For same-day scheduling and wet readings at our  
Newark or Wilmington site, call

**(302) 656-4MRI.**

Through Diagnostic Imaging Associates,  
both of our Signa 1.5 tesla high-field scanners  
produce medical images of unsurpassed clarity  
for studies of the brain, neck, heart, blood vessels  
(MR angiography), spine, chest, joints, abdomen,  
pelvis, liver and prostate (endorectal coil).

Our board-certified radiologists have special  
fellowships in neuroradiology and MRI body  
imaging. This will provide you with the high  
quality and accuracy doctors demand and  
patients require. When you need to schedule  
MRI scans, call
